YOGA POSES

Rey bear & friends love to stay active! Have some fun and see if you can do these yoga poses too!

1

OK Ducky...
Let's start with
balancing on one leg

2

Sit down, cross your
legs and join your hands
together in the middle

3

Balancing on your hands
and feet, push your
bottom up in the air

4

Rock back and forth on your
back like a bear. Grrreat...

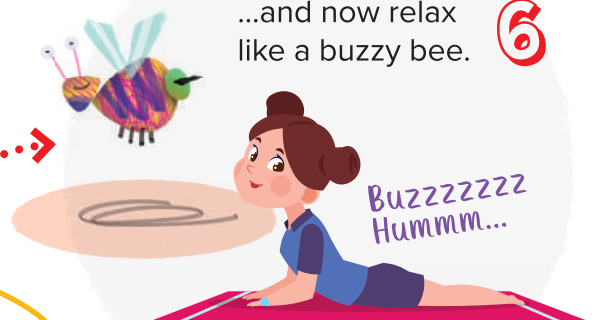

5

Make a star shape and stretch your arms
for 60 seconds. You might fly like me...

6

...and now relax
like a buzzy bee.

...Did you know there's
a tree pose too?

REY MASK

Are you going to be a bear like Rey? Great! All you need is;

- A pair of scissors
- A pencil
- Some string

Using the scissors, cut along the dashed line around the mask shape. You may need some help, so ask your parents!

With the pencil, carefully make a hole in the white space for the eyes and then try to cut out all the white space inside, using the scissors.

Make two little holes using a pencil, where the string inserts into the mask. Insert the string and tie a knot.

Put your mask on and adjust the string to your size.
You are now Rey Bear!

DOT2DOT

Follow the numbers below, starting from 1 and move your pencil to create the shape...what character do you think this will be?
